12 The infection entry will display as below

The screenshot displays the Allowah patient portal interface. On the left is a sidebar menu with options: Dashboard, Clients, John NIXON, Admissions, Alerts and Allergies, Assessments, Care Plan Tasks, Charts, Correspondence, Current admission, Diagnosis & History, Discharge Planning, Documents (highlighted with a '5' badge), Followups, Image Gallery, Measurements, and Medications. The main content area shows the patient's profile for John NIXON, including MRN 000036, birth date April 16, 1994, and current admission to Room 11. Below the profile, there's a section titled 'Infections' which contains a table with the following data:

Infectious Disease / MRO details	MRSA
Date infection identified	01/12/2025
Infection Source	PEG SITE
Specimen collected	27/11/2025
Positive result returned	01/12/2025
Infection Resolved	

Below the table, a note states: "NOTE: Infection Control Nurse/ RNIC to create a notice on infection control precautions adding details in the notice text field." The entire 'Infections' section is highlighted with a red border in the original image.

Alert! A notice detailing infection control precautions must be added

See 'Notice' how-to guide for details

NOTE: Infection Control Nurse/ RNIC to create a notice on infection control precautions adding details in the notice text field.
